Subject: Letter of Thanks

To:

Each year, as part of the Club's 'Family Fun Day' activities on Labor Day, the Volleyball Commissioners organize and conduct a charity volleyball tournament, and the proceeds of the tournament have been donated to various charities over the years. This year, the Social Committee also held a "cornhole" tournament to raise money for charity.

This year, the Commissioners and tournament directors decided to use the proceeds of the tournaments to benefit the family of Walter Hardy, a member of the Club since childhood, who passed away, suddenly, a few days before the end of the season.

In keeping with the custom for most of the years of the Charity Tournaments, the Board of Directors approved the addition of Club funds to the proceeds of the Tournament, and presented the combined gift to Mary Hardy as an expression of our sympathy and support.

We recently received the following message from Mary, and wanted to share it with you:

To our friends at CSC.

We are very grateful for your kindness to our family in making us the beneficiaries of the Labor Day tournaments. We will always be appreciative of your friendship.

Love,

Mary, Olivia and Chase Hardy
